

Christ's Lane Action Group shares in the sorrow at the death of Professor Jason Arday. Our condolences are with his family, his friends, his students and his colleagues, and with all who loved him.

As Cambridge grieves Jason Arday's death, this is a time for us to reflect as a community: on our response to the media storm that subjected him to unprecedented scrutiny through his final months, and on what it will take to rebuild as a true community. His family have asked for privacy and for the harassment to stop. We stand with them.

In sadness, support, and solidarity.
